 **September 13-15<sup>th</sup>**

In order to promote the development of China's paper industry, display the technical achievements of paper industry, and provide a communication platform for the enterprises of paper and relative industries, 2017 China International Paper Technology Exhibition and Conference (CIPTe) will be held in Shenzhen Convention & Exhibition Center, Shenzhen, Guangdong Province, China on September 13-15<sup>th</sup>, 2017.

During 2017 CIPTe, 2017 China International Paper Innovation and Development Forum and 2017 International Paper Technical Conference will be held. Meanwhile, thematic symposium, as well as some relative technical seminars will be held at the same time. The Exhibition will be a great event of paper industry. The series of activities will make the exhibition become a real professional event.

Main activities of CIPTe: Welcome Banquet, Opening Ceremony of CIPTe, 2017 China International Paper Innovation and Development Forum, 2017 International Paper Technical Conference, etc.

## I. China Interational Paper Technology Exhibition

China Paper Association, China Technical Association of Paper Industry and China National Pulp & Paper Research Institute will jointly host 2017 CIPTe. Previous CIPTe attracted exhibitors from more than 20 countries and regions, such as Valmet, Voith, Andritz, China Paper Machinery Corporation, ABB, Siemens, Finnish pavilion and other leading enterprises in paper industry attended the exhibition.

Exhibition contents: Pulping and papermaking mechanical equipment, components, accessories, automation equipment and instruments; All kinds of commercial pulp, paper and boards; Recycled paper and recycled paper-using technologies and equipment, etc.; Papermaking chemicals; New technologies and equipment for environmental protection and comprehensive application; Raw materials and equipment for specialty paper; Packaging materials and production equipment.

In 2017 CIPTe, organizing committee will continue to keep the characteristics of large-scale, strong-professional, professional audience, high-quality seminars and practical, aim to create an industry event that provides communication platform for exhibitors and paper enterprise.

## II. China International Paper Innovation and Development Forum

During CIPTe, China Technical Association of Paper Industry, China Paper Association, China National Pulp and Paper Research Institute will jointly host 2017 China International Paper Innovation and Development Forum on September 12-13<sup>th</sup>, 2017, sponsored by Guangdong Technical Association of Paper Industry, Guangdong Chengming Chemical S&T Co., Ltd., Minerals Technologies Inc., Huazhang Technology, organized by China Pulp and Magazines Publisher. The Forum takes "open innovation, value communion" as the main themes, invites innovation experts, industrial experts and famous entrepreneurs both at home and abroad, encircles

the development trend of paper industry, world strategy pattern, construction of competitive advantage, application of intelligent manufacturing, technological innovation and other hot topics to enter into in-depth analysis, discussion and communication, and continues to lead the innovation and development of paper industry.

## Main Topics

### Report Release

- The Competitiveness Report of China's Paper Industry in 2017

### Keynote Speeches

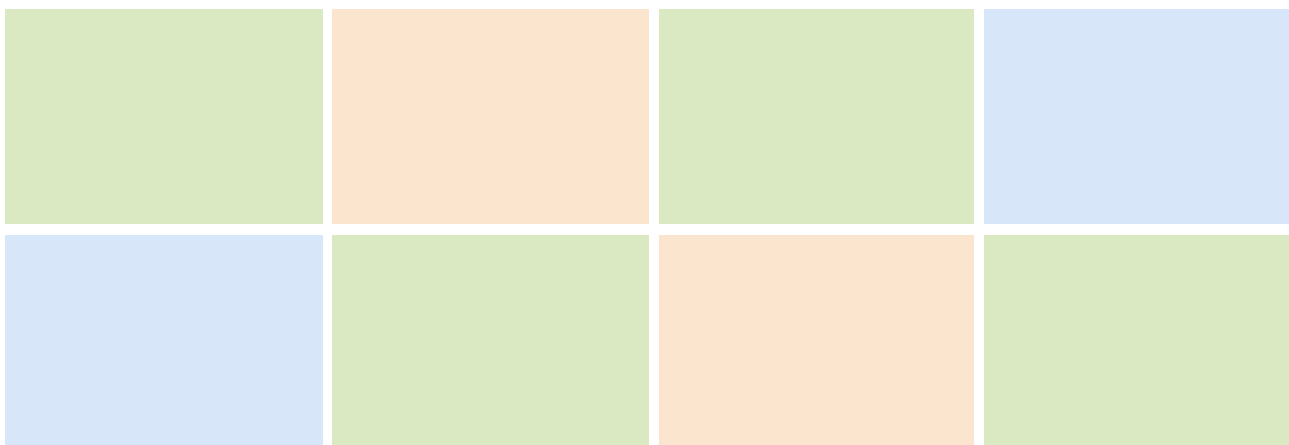

- National Innovation: Implementing the "Three Goods" Strategy to Advance Supply-Side Structural Reform
- Industry Analysis: Development Guidance of Paper Industry during the "13<sup>th</sup> Five-Year" Period
- Science and Technology Innovation: Technolglal Innovation

### Strategy and Development Path of Paper Industry

- Enterprise Innovation: Chinese Business Innovation Policy: Sharing Innovation Dividends
- Equipment Innovation: Pulp and Paper Equipment Innovation Promotes the Development of Paper Industry
- Technology Innovation: Overview of Technologies and Trends in Finnish Paper Industry

### Special Speeches

- Organization Innovation: Innovation Concepts and Transformation of Paper Enterprise
- Strategic Innovation: Enterprise's Internationalization Strategic Layout and Implementation
- Model Innovation: New Strategies in New Environment
- Environmental Protection Innovation: MTI New Yield™ Technology on Wood and Non-Wood Fiber Pulping Lime Mud Re-purpose
- Management Innovation: Overseas Investment Management and Analysis of Successful Cases

- Market Innovation: Setting Up Chinese Brands Relying on One Belt and One Road Strategy

#### High-level Dialogue

- Open Innovation Improves Enterprise's Competitiveness

- Waste Paper Market Analysis
- Foam Molding Technology Provides More Opportunities for Development of Paper Industry
- Emission to Air at Paper Mill and How to Control It

### III. International Paper Technical Conference

During CIPTE, 2017 International Paper Technical Conference is jointly organized by China Technical Association of Paper Industry and China National Pulp and Paper Research Institute, on September 14<sup>th</sup>, 2017, and co-organized by Guangdong Technical Association of Paper Industry, will invite experts from China, Finland, Canada, Sweden, Japan, America, etc. to deliver presentations, discuss the development of paper industrial new technologies and new products, biorefinery, intelligent manufacturing, energy-saving and emission-reduction and other cutting edge technologies, analyze the latest development trend of global paper industry, and find new kinetic energy to promote the development of paper industry.

#### Main Topics

- Creating New Industries Value Chain by Innovation in Pulp & Paper Industry
- The Key Technology of Paper Industry's Water Pollution Whole Process Control
- The Industrial Internet Improves the Reliability and Operation of the Plant
- Development of Novel Paper Based Straps for Pulp Baling and Packaging
- UPM BioFore: Concept and Practice

### IV. Date and Venue

1. Registration of Forum: September 12<sup>th</sup> 14:00—18:00 (Four Seasons, Shenzhen)
2. Welcome Banquet: September 12<sup>th</sup> 18:00—20:00 (Four Seasons, Shenzhen)
